# Overview

---

- United Behavioral Health (UBH) operating under the brand Optum will provide behavioral health services for MMA members in Regions: 3, 4, 6, & 11 with the new Medicaid roll out.
- Region 11 – effective date 12/1/2018
- Region 6 – effective date 1/1/2019
- Regions 3 & 4 – effective date 2/1/2019

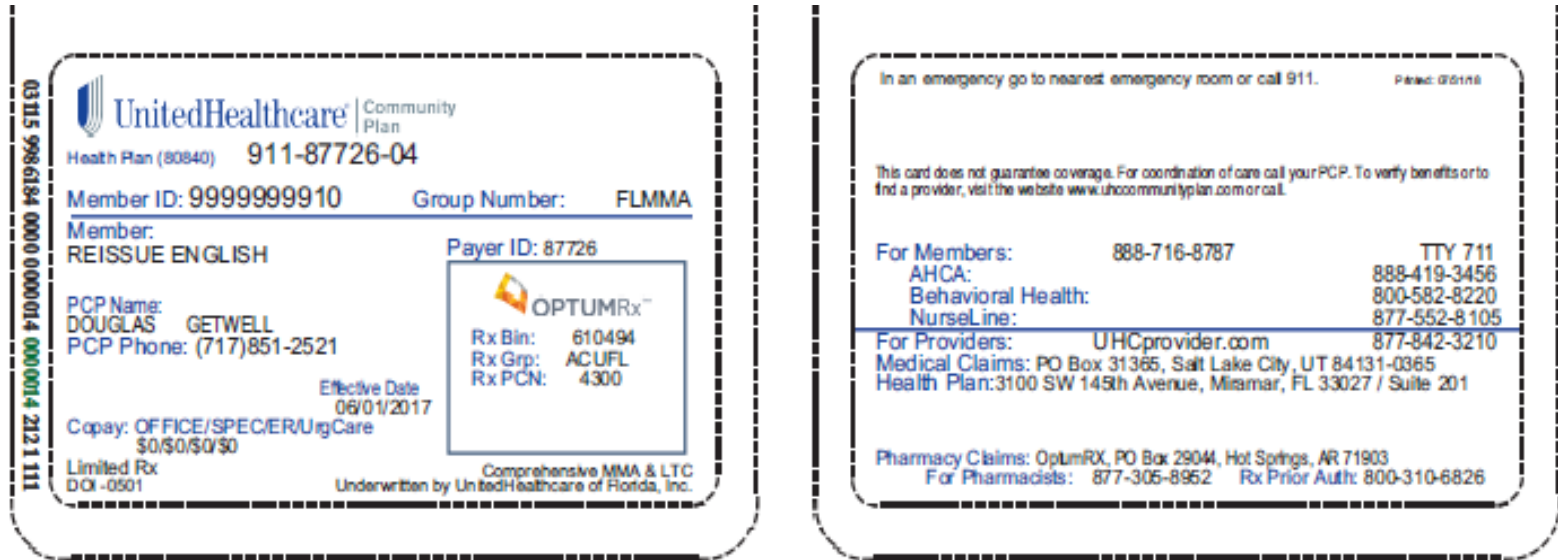

# Medicaid Regions Map

UnitedHealthcare  
Community Plan  
MMA is located  
in Regions:  
3, 4, 6, & 11

# How to Identify Our MMA Members

*Please accept these members  
and provide services as you normally  
do for Optum members*

# Overview of Agency Contracting (Group Contract)

---

- Group contracts are typically only available to:
  - Agencies classified as Community Mental Health Centers (CMHCs) by AHCA.
- Rostered Clinicians only applicable for Group Contracts
  - Each agency supplies a roster of independently licensed clinicians who render services to their clientele
  - Only independently licensed clinicians can be loaded in Optum's systems under the agency contract. Accepted roster provider types are: MD, DO, ARNP, Licensed Psychologist, LCSW, LMHC, LMFT and Certified Case Manager Supervisor (CCMS).
  - If claims are submitted with clinicians who are not licensed, the claims will be unable to be processed until submitted with a licensed supervising clinician who is rostered.
  - It is important to keep roster lists as updated as possible. All changes can be submitted through [www.providerexpress.com](http://www.providerexpress.com) , except CCMS add requests will need to be sent to Network Managers via the roster update form.

# Overview of Agency Contracting (Group Contract)

---

- Supervisory Protocol only applicable for Group Contracts
  - Supervisory Protocol Contract Addendum and AHCA requirements apply.
  - Non-independently licensed clinicians are required to be supervised by an individually licensed clinician who is rostered under the agency contract.
  - Non-independently licensed clinicians cannot be loaded in Optum's systems and cannot bill for services under their own name.

## OVERVIEW OF ALERT PROCESS

# Overview of ALERT Process

## Florida Medicaid MMA (Managed Medical Assistance)

### Outpatient Prior Authorization Change for Contracted Providers

- Optum **Prior authorization for many HCPC Codes** for Outpatient and Telemental Health Services (see list below) **is no longer required** for Florida Medicaid (MMA) members
- Optum will apply algorithms to identify practice management patterns that appear to fall outside of typical patterns
- When a pattern of care is atypical or does not match guidelines for service level, a telephonic review for medical necessity may be initiated
- Use of the applicable code modifiers are required for billing of services

# Overview of ALERT Process

## Reimbursement Policy

### Alert: Florida Medicaid Edits

## Reimbursement Policy – Claims Editing

This notice provides information about Florida Medicaid coverage guidelines and their associated claim edits. Reimbursement policies establish processes to ensure accurate and appropriate claim processing in accordance with industry standards. These processes serve to identify potentially inappropriate billing and/or utilization of services. Requests for medical records may be made for administrative review (not based or used for Medical Necessity). In those cases, record requests outline what is to be submitted; please provide requested records within defined time-frames. Optum provides education and support as a component of our process.

## Coverage and Limitations

The Florida Agency for Health Care Administration (AHCA) has published policy that enrolled providers must comply with in order to obtain reimbursement. The claims edits for Florida Medicaid conform to the reimbursement policies as published in the applicable Coverage and Limitations Handbook(s) as published by ACHA. The edits identified from the applicable publication(s) will be updated in our systems as new publications and changes are made.

# Overview of ALERT Process

---

Chapter 3 of the Handbook, “Reimbursement and Fee Schedule” including Appendix A “Procedure Codes and Fee Schedule” details the reimbursement and service limitations that pertain to the specific procedure codes, Healthcare Common Procedure Coding System (HCPCS) Level II codes.

## **The Handbook specifies reimbursement guidelines by HCPCS code and modifier code, which include, but are not limited to:**

- Duplicate services billed that will not be reimbursed on the same Date of Service to the same recipient
- Services which will not be reimbursed when billed on the same Date of Service at the same time as other billed services for the same recipient

Even when a written authorization lists a range of CPT and/or HCPCS codes, payment for any specific code is subject to ongoing administrative review of benefit limits. For a full list of services that are separately reimbursable please see the applicable Coverage and Limitations Handbook(s). Claim submissions not in compliance with these rules will be denied.

Additional information can be obtained by reviewing the applicable Handbook(s) maintained by AHCA:  
[http://ahca.myflorida.com/medicaid/review/specific\\_policy.shtml](http://ahca.myflorida.com/medicaid/review/specific_policy.shtml)

# OVERVIEW OF CLAIM SUBMISSION GUIDELINES

# Claim Submission Guidelines

---

- Optum follows claim submission guidelines as defined by the following organizations:
  - CMS (Centers for Medicare & Medicaid Services)
  - HIPAA (Health Insurance Portability and Accountability Act)
  - NUCC (National Uniform Claim Committee)
- Claims address: P.O. Box 30760, Salt Lake City, UT 84130
- UBH Electronic Payor ID is **87726**
- Providers may also submit their claims through [www.providerexpress.com](http://www.providerexpress.com)
- Claims must be submitted within 90 days of the date of service unless otherwise specified by contract.
- Clean claims are processed within contractual guidelines/requirements
- Clearinghouse Info: Provider can use vendor of choice
- **Claims Customer Service:** Please contact the number on the back of the member's ID card or on the Provider Remittance Advice

# Claim Submission Guidelines

---

Provider hints to avoid denials:

- ✓ Obtain authorization if needed
- ✓ Make sure the provider on the claim form matches provider on the authorization and that services billed match authorization in system
- ✓ Rendering licensed clinician must be listed on claim form
- ✓ Rendering licensed clinician must be loaded in UBH claims payment system
- ✓ If you have not submitted claims to Optum previously or your credentialing application is in process, you **MUST** submit a copy of your W9 with your claims to ensure claims will be processed.

# Claim Submission Guidelines

---

Provider hints to avoid denials:

## AHCA State Table

- ✓ Make sure every NPI on the claim form matches an active Medicaid ID on the AHCA State Table
  
- ✓ To review the AHCA State Table:
  - Go to:  
[http://portal.flmmis.com/flpublic/Provider\\_ManagedCare/Provider\\_ManagedCare\\_Registration/tabid/77/desktopdefault/+/Default.aspx](http://portal.flmmis.com/flpublic/Provider_ManagedCare/Provider_ManagedCare_Registration/tabid/77/desktopdefault/+/Default.aspx)
  - Click on: Provider Master List spreadsheet
  - Search excel by NPI or Medicaid ID
  - Make certain that the NPI Crosswalk Effective dates and Medicaid Claims Eligibility dates are active
  - If State Table needs to be updated/corrected, please contact AHCA directly at: 1-800-289-7799

# Corrected Claims

## Submitting Corrected (or Void) Claims

- Regardless of the claim form (short or long), you do have the ability to submit a corrected or void claim request as well, when a previously-submitted claim had incorrect information on it.
- In the Service info section, the “Claim frequency” code is what is used to determine the type of claim you are filing. Provider Express defaults to ‘Original’ but you can change it to ‘Corrected’ or ‘Void’.

---------------------------------	--------------------	-------------------------	-------------------------	---------------------------------	-----------	--------	----------	-------------

# Corrected Claims

## Submitting Corrected (or Void) Claims

- As the help icon next to this section indicates:
  - **Claim frequency** - To submit a Corrected or Void claim, you will need to enter the Claim Number found on the claim record in Claim Inquiry. The claim number will also be reported on the paper remittance advice or electronic 835 file. You can not submit a Corrected or Void claim until a claim number has been assigned.

The screenshot shows a web-based form for submitting claims. The 'Service info' section includes fields for 'Related hospitalization dates', 'Diagnosis or nature of illness or injury' (with six numbered input boxes and a 'more than 6?' link), and a 'Look up' button. Below this is the 'Claim frequency' section, where a dropdown menu is set to 'Corrected' and the 'Payer control number' field is highlighted in yellow. An orange arrow points from the 'Look up' button to this field. Other fields include 'Outside lab?' (radio buttons for Yes/No), 'Charges' (0.00), and 'Authorization number'. At the bottom, a table header lists various claim details: Date of Service, Place of Service, Procedure (CPT Code, Modifier), Diagnosis Code (1-6), Charges, Unit, NPI ID, and PWK NTE COB.

“Payer control number” = Claim number

# Corrected Claims

---

## Submitting Corrected Claim vs Claim Adjustment

---

**Q: When should I submit a corrected claim via Claim Entry vs an adjustment via Claim Inquiry?**

**A:** Use the following guidelines to help in your decision:

- If the issue with the claim was because of a problem in how it was originally filed by the provider/group that now needs to be corrected, **submit a corrected claim via Claim Entry** (see pg 25)

*e.g. filing an incorrect procedure code; forgetting a modifier*

- If the issue with the claim was because of an alleged problem in how Optum processed it, **submit an adjustment request via Claim Inquiry**

*e.g. processing against member's deductible when it was already met; noting an auth was required when there is an auth on file*

(please reference the Guided Tour video titled "[Claim Inquiry and Claim Adjustment Request](#)" for additional information)

## OPTUM INITIATIVES

## Join Optum's *Express Access Network* and Optum will direct more referrals your way.

Want to increase your practice volume and generate more revenue? Sure you do. And Optum wants to help. We've created an innovative new provider subnetwork we call *Express Access Network*.

When you sign a contract addendum promising to offer Optum Members a routine appointment within 5 business days of a request, we will direct more referrals your way.

We do that by placing a stopwatch icon next to your name on our online provider directory, [liveandworkwell.com](http://liveandworkwell.com). This stopwatch icon indicates to members and care advocates that you have promised to see members faster than other clinicians. We may also alert our key Optum customers in your area of your participation in the *Express Access Network*.

For more information or to receive a contract addendum, please contact your local Optum Network Manager or visit [www.ProviderExpress.com](http://www.ProviderExpress.com) .

### What to know when offering Telemental Health Services

Telemental Health has been shown to successfully impact issues of access, quality, engagement, coordination of care, and cost effectiveness. Along with other aspects of telemedicine, Telemental Health is predicted to grow rapidly over the next few years with more customers and health care consumers requesting the technology. To ensure best practices, major clinical associations such as the American Psychological Association (APA) and American Telemedicine Association (ATA) have developed and released best practices and guidelines.

Telemental Health can be delivered in a variety of settings and can include both initial evaluations and ongoing treatment, as well as psychotherapies and medication management. Patient acuity can range from routine to emergent.
