

# MnFIRE Provider Quarterly Town Hall

**Attn: first responder health care professionals, office managers and staff.**

We invite you to register for a free training webinar. Join us to discuss our collaborative approach to delivering trauma treatment services to our members. Discover how to make or break a firefighter's first experience, the need for trained ART professionals, and much more.

**By attending this webinar, we will discuss:**

- Do's and Don'ts for building a firefighter's trust
- Firefighter's communication style and why they are a culturally significant population
- The importance of Accelerated Resolution Therapy
- Open discussion on experience working with firefighters
- Question and Answers

MAP Information is also available on the [Minnesota state page](#) of Provider Express.

**How to register:**

Choose a session from the table below. Click on the Registration Link for your selected date and follow the prompts to complete your registration:

- First and last names of attendees
- Organization Name
- Email Address
- You'll receive an email confirmation once you've registered

**Register Today**
